

Introducing Pharma Products & Priority Vaccine Handling

As the world continues to evolve, we're in constant improvement to provide our customers and governments the **Pharma solutions** their supply chain needs.

Aeromexico Cargo has strengthened its position to safely, timely, and efficiently transport pharmaceuticals, vaccines, and life-saving supplies with protection and temperature control at every step of the transit.

Aeromexico CARGO

About us

- Aeromexico Cargo is **the airfreight division** of Aeromexico, **Mexico's flag-carrier airline**
- We connect the world through more than **85 destinations** across **17 countries** on three continents
- In 2020, we launched **Intercontinental charter operations** to support our customers' supply chain needs
- Our fleet is capable of suiting your requirements, using either Wide Body or Narrow Body aircrafts

Safety, security and reliability are our core values. We strive to be **IATA CEIV certified** by the 3rd quarter of 2021.

- Always operating within **the highest industry standards** offering **customized products** for pharma, perishables, automotive, courier, live animals, and e-commerce
- Our fleet can use any of the **active or passive temperature-controlled container solutions** available
- **Vaccine Task Force**, specifically dedicated to **vaccine distribution**
- Shipment recovery with the **highest priority**

Committed to your **wellbeing**,
Committed to your **cargo**
